Google Reviews ★★★★★

Google reviews. We all rely on them. Whether it's choosing a new restaurant, booking accommodation for a holiday, checking out a business, or deciding if a product is worth buying. We look to google reviews to see what others really think, and whether something lives up to the hype.

For consumers, reviews play a huge role in decision-making. Real experiences, shared by real people, help build trust and give insight into whether a product or service is truly worth the investment.

From a business perspective, we love reading our customers' Google reviews. They give us a real sense of fulfilment, seeing people enjoy our products makes it all worthwhile. And any feedback for improvements is valuable, helping us learn, improve, and keep moving forward.

Over the years, Big Duck customers have shared some incredible feedback, and we've loved reading through every one here at the office. The next few pages showcase some of our favourites.

My 2.3 metre Big Duck Inflatable is the perfect tender boat for my 30' Searay sports cruiser. I purchased it just over 5 years ago and it's still going strong! It's the perfect size to mount on my transom swim platform and it's so stable for 2-3 people to head across to the beach or to go snorkelling around the wrecks at Tangalooma on Moreton Island, our favourite boating destination!

Excellent service fantastic boat
We are retirees and find it easy to
assemble and operate

ZAC

I bought my Big Duck last year and it was an essential part of my time cruising full time along the east coast on my sailboat. The Big Duck gave me the freedom to safely get ashore from anchor and allowed me to enjoy so many adventures — from fishing and snorkelling to diving and exploring new places. It proved to be reliable, practical, and a huge part of what made my cruising experience possible and enjoyable.

SCOTT DAVIDSON

Great product,
easy to use
and the kids love it!

MAREE LANGLANDS CELEBRANT

We are over the moon with the purchase of the Big Duck for a birthday present. The staff were exceptionally in assistance and my husband and grand children love it. Thank you again

HARM ELLENS

The Big Duck is a great addition to our cruising experience. What we particularly enjoy is the solid floor. Previous tenders with their inflatable floors were nowhere near as comfortable to get in to and out of. It packs away very compact for storage. Highly recommended.

My Big Duck has its pride of place on the back of my Adams 40 yacht. The inflatable is steady on the water, firm and has a great shape for cutting through the water. We have circumnavigated Tassie and my Big Duck was our way to land on some of the most beautiful beaches in the world. The big Duck is durable, the floor is very steady the engien mount is perfect. The boat presents itself as a much more expensive boat would.

Great run-about for great value. SSShhhh...Dont tell the manufacturers, but it really is three times better than the price would suggest...

Purchased our big duck a few years ago now and its one of the best we have made! Small enough to take anywhere and easy enough to set up for a quick run anywhere. Big enough for us two adults and a little one

KATHY HANSEN

Our Big Duck was the best thing we ever bought. So easy to lift up onto the deck of our yacht. Moves along nicely with a 2hp engine. Inflates very quick. Super quick delivery. Great value and looks great

BYRAN O'HARA

My 12 year old Beau saved up to go halves with us to buy his Big Duck. It's perfect for him. He takes his mates out on Sydney Harbor and they love it.

RON THOMAS

The Big Duck works really well powered with a 6 hp yammi and can easily be put on the davits and tows nicely when underway . Very happy with my tender.
